Adhesions to Grant

MINNESOTA

Taken in connection with Mr Washburne's recent visit to Galena and the remarkable speech made by him at the Jo Daviess County Republican Convention the action of the Galena *Gazette* (Gen Grant's home organ) in nominating him for the Presidency is significant It shows that Gen Grant's friends have fully made up their minds to run him as a Presidential candidate that they have received satisfactory assurances from him that he will accept a nomination and that they are now ready to commence an open canvass of his claims We may now consider all doubts which may have existed heretofore concurring Gen Grant's willingness to become a Presidential candidate as set at rest His friends have virtually placed him upon the course, and will undoubtedly use their best efforts to secure his nomination He himself having tacitly given his consent may now be presumed to be not an indifferent spectator of the coming Presidential contest but as one of the veritable actors and principals therein —*Minneapolis, (Minn) Tribune, Oct 10*

ILLINOIS

No one who is acquainted with public opinion in the West can doubt that the declarations of the *Gazette* will find general support Illinois, Wisconsin and Minnesota will be unanimous for Grant in the National Convention and this is a great step in advance, for the other candidates there is hardly one that can begin with more States than his own —*Illinois Staats Zeitung (German)*

OHIO

The Republicans have only to settle upon him (Grant) as their standard bearer and go forward with the work of organization and labor, and one year from this time they will have reason to rejoice in their present check as the skirmish of their outposts by which they were warned of the enemy's approach and thus enabled to make timely preparation for the great and decisive battle We deem it safe to say that such is the general sentiment of the Republicans in Northwestern Ohio —*Toledo Commercial*

PENNSYLVANIA

The action of the Union Convention of Maryland urgently recommending to the Republican party of the country the nomination of General Grant as their candidate for the Presidency, and the bringing forward of his name by the Baltimore *American* as such candidate, are both in accord with the sentiment of the great body of the Republican masses The elections on Tuesday last virtually nominated General Grant. When the result of the election became known to him a million eyes gladly turned It was no device of the politicians but a spontaneous movement of the people cutting knots, dissolving doubts, and at the same time disposing of aspirants who could not survive the first chilling blast.—*Pittsburg Commercial, Oct 14th*

NEW YORK

On all hands it is admitted that the recent elections will have a good result *They are uniting party feeling upon General Grant as the next Republican candidate for the Presidency* That the popular sentiment had become fixed in this direction was long ago apparent But there were ambitious civilian politicians who undertook to defeat it by organization and combination. This there is no longer any probability that they can do Those who have failed to carry their own States upon a test canvass cannot claim recognition as national leaders. With General Grant at the head of the ticket, upon a platform of national justice and impartial rights, the Republican party will sweep the country like a whirlwind —*Albany Evening Journal Oct 14th*

The New York *Times* has the following editorial endorsement of the nomination of General Grant for the Presidency

'The *Nation* thinks that the recent elections 'afford proof that a military man may be needed in the Presidential election to arouse enthusiasm' We do not think it is precisely that which will be needed, the people will rather demand some candidate in whose disinterested devotion to the public good, in whose attachment to the Union, and in whose general good sense and practical judgment they can have confidence. They are not willing evidently, to trust the fate of the country to men whose personal ambition, political passion and eagerness for office blind them to the real wants and necessities of the country If they can find such a man as they want among those who rendered effective service in crushing the rebellion and saving the Union, they will be very likely to make him their candidate, and the chances are that they *can* and *will*

CONNECTICUT

Gen Grant's name is being brought forward for the Presidency with increased prominence Judge Chase Ben Wade and Ben Butler, who never had any chance, seem to be quietly ignored. The Maryland Republicans in their State Conventions, adopted a very concise platform equal suffrage and General Grant At Washington the general talk among Republicans is that Grant will have the nomination From New Hampshire the General's name comes to us as the choice of that State, and even the ultra radical Boston *Commonwealth* says it is ready to accept him The *Independent* has not abused him, or indeed meddled much in politics for some weeks.—*New Haven Palladium, Oct 15*

BISMARK'S OPINION OF THE EXECUTION OF MAXIMILIAN —The Emperor is said to have been most anxious to ascertain the judgment expressed by Bismark on the sentence pronounced upon Maximilian, and commissioned a friend to beg of the great statesman to write his impressions thereon The answer must have made his Majesty's brow grow darkened and his ears tingle It is quite so characteristic of the man that it is quite worthy of record, as one of these days it may have to be remembered Juarez may be a brave and steadfast patriot," writes Bismark, but he is no politician His course lay clear before him He might have humbled the pride of all Europe, and in particular might have crushed that of France forever by a single blow The execution of Maximilian is a blunder from which Juarez will never recover My policy would have been to have held the Archduke Maximilian as hostage while my ambassadors were received in due form by the great Powers of Europe—by England, Austria, and Prussia I should have exacted that my ambassador to France should have been received with peculiar honor at the Tuilleries—fetched in the State carriages by M Feuillet de Couches in the eyes of the whole population, and when this humiliation had been enforced I should have said 'Now that Mexico is re-established as a Republic, nothing more remains to be accomplished but the indemnity for the useless and treacherous war which had been imposed upon the country by France, therefore, not till this indemnity be paid can we suffer the Archduke to go back to Europe' Rely upon it, this indemnity would have been paid Juarez might have named his own price Napoleon would have paid it out of his own private resources

OUR CORNER STAKE —Nothing finishes up a country like natural boundaries Good fences make good neighbors" is an axiom among farmers A high mountain range, a chain of great lakes or, better still, the ocean's wide expense, is worth a dozen standing armies On the whole Uncle Samuel is in a fair way to get his line fence arranged on natural principles, with the Atlantic and Pacific on the two sides, the Gulfs of Mexico and California linked together by the desert on the South, and the Arctic Ocean, and any accidental patches of *terra firma* on the North The thing that pleases our particular fancy in the hugest degree is the fact that the North Pole is our corner stake That is considerably gl... and at least seven millions even if there was no walrusses in the Polar Sea and no salmon in the rivers no coal and timber on the islands, and no gold and Esquimaux in the interior It rounds up in the natural domain so grandly and gives a standing place for our natural rooster to crow defiance to all creation

The story about Louisa Muhlbach's intended visit to this country on a lecturing tour says the New York *Gazette* is only partly right It appears that this erudite and voluminous authoress has a profound admiration for the character of Lincoln, an emotion that is common, it is said to all Northern Germany She accordingly wrote to the Appletons for information as to whether she could pay her way in America by reading to the German resident population from her books, a la Dumas for a biography of our great war President We are not cognizant of the reply made to this suggestion

The Political Situation

[Editorial Correspondence (Washington Oct 14th) of the Oregon State Journal]

The all absorbing topic is the elections The Democrats are frantic with joy over their successes in Pennsylvania and Ohio Their organ of the party here edited by Tom Florence is filled with flaming headings like these ' Glory to God, peace on earth good will to men '—" The Grand Army of the Republic surrendered, their arms captured "—" Impeach him if you dare"—" A Democratic yell of defiance such as has not been heard for the last eight years ' Their joy is only surpassed by their conceit and insolence They outboast Bombastes and are as noisy and as silly in their demonstrations of joy as a drunken mob In Philadelphia, as soon as it was known they had carried the city, they paraded the streets to the tune of "Dixie' No sooner had the voting ceased than their papers commenced slurring the soldiers, and casting insults in the very teeth of the men who had contributed to their success This confirms the opinion I expressed on the day of election, that if they should carry Pennsylvania now, it would arouse the loyal people to a sense of their danger and to renewed action, and give the Union nominee for President a larger majority in 1868 than Lincoln had in 1864 And that is the opinion of the best informed politicians The Washington *Star*, a very notable Union paper has the following on this subject

' The result of yesterday's elections takes no well informed person here by surprise. It is simply history—almost invariable history—repeating itself The opposition to the party now controlling the country's public affairs usually make great gains in the elections of the year preceding a Presidential contest, to vanish into thin air when that takes place. While we are writing, it is not yet known here whether Pennsylvania and Indiana have gone Democratic or Republican Yet enough is known to render it certain that the majority either way in both States will be exceedingly small, so small as surely to induce great caution and perfect harmony among the Republicans of Congress, who will run no risk of a possible defeat next fall in the effort to gratify any one's personal ambition, or to carry out the crotchets of this or that wing of the party Thus, the results of yesterday at least insure a Republican party Presidential platform on which all who sympathised with the Union cause during the rebellion will be likely to rally, and the Republican candidates for the Presidency and Vice-Presidency, whose names alone will prove towers of strength among the masses. Republican party individual jealousies, bickerings, idiosyncrasies, and luke warmness will surely vanish under the lessons of yesterday's elections, so that the party's policy and acts from the meeting of Congress until the Presidential election will be such as to insure victory on that occasion We do not believe that anything more fortunate than the checks of yesterday for the Presidential prospects of those who sustained the nation's cause against the rebellion, could have occurred Without these, there is no telling where individual and clique, Presidential aspirants and vehement confidence in individual views of policy would have landed the party's affairs ere November, 1868, that they are sure to prove a blessing—great benefits to the party's future—is clear to all who thoughtfully study and reflect on the march of American events"

These reverses show the folly of allowing foolish men to force side issues into great political contests, and will therefore do good by guarding against such a course in future In the elections of this fall the Republicans have everywhere thus damaged their cause enormously In California they split the party for the time being by the nomination of a notoriously corrupt and therefore odious gubernatorial candidate In Maine they seriously wounded themselves by attaining a law, punishing all who dared to make ... of their apples and drink or sell it. In Pennsylvania they frittered away their strength by nominating a judicial candidate unknown to the people at large, against one of the ablest and pure ... one of the most popular judges in the State. In Philadelphia their nominees were mostly old political hacks—said to be the poorest candidates ever nominated by any party there—against strong war men who had earned the public gratitude by faithful service in the field This blunder cost five thousand votes in Philadelphia at least, and gave the State to the enemy In Ohio, which State has astonished everybody, even the Democrats, by giving only about three thousand majority for the Union Governor and electing a Copperhead majority of four to the Legislature, the negro suffrage amendment contained the following clause

' Each male citizen of the United States of the age of twenty one years who shall have been a resident of the State one year next preceding the election, and of the county, township or ward in which he resides, such time as may be provided by law, except such persons as have borne arms in support of any insurrection or rebellion against the Government of the United States, or have fled from their places of residence to avoid being drafted into the military service thereof, or have deserted the military or naval services of said Government in time of war, and had not subsequently been honorably discharged from the same; shall have the qualifications of an elector, and be entitled to vote at all elections."

This clause was aimed at bounty jumpers and deserters, but it would have disfranchised between twenty and thirty thousand Union soldiers, ... at the close of actual military operations, a question arose as to the date of the expiration of the term of service of a large portion of the Ohio troops The soldiers contended that their term had expired, and the officers contended that it had not expired The result was that between twenty thirty thousand of these Ohio troops, who had served gallantly in the field left without leave and went home and they stand recorded on the books of the army as deserters and every one of them would have been disfranchised by this clause of the negro suffrage amendment Of course these men, and all interested in their standing, voted against the amendment in many instances not because they were opposed to the main principles of the amendment (equal suffrage), but because it contained a side issue disfranchising them or their friends, and a great many of them voted against the candidates running on such a platform Thus our majority was reduced to a mere fraction and a United States Senator lost to the Union party in a State where we have to day a clear majority of thirty or forty thousand

Those who think the great Union party of the country will fail to guard their cause against the damaging mistakes and mismanagement of the contests of this fall, will find themselves greatly mistaken The prospect of having the National Government go back into the hands of the rebels and their Northern allies, with repudiation of the national debt taxation to pay for all the slaves set free in the South and all the expenses incurred by the rebels in their late war on the Union, and many other calamities which would surely follow, staring them in the face, will unite the loyal people of the North, who have been divided and quarreling among themselves and send them to the polls in 1868 as one man On the other hand the disloyal utterances of the Copperheads, stimulated by their success will drive from them all but those who sympathized with the rebels, of the Vallandigham stripe, and only add to the force of their fall in 1868

I am led to make these statements not in a spirit of complaint, but to warn the friends of the Union cause at home against falling into similar errors, and more particularly so because the local Union papers usually try to cover up and plaster over these blunders leaving their friends in distant States utterly ignorant of the cause of their defeat, and liable to be caught in the same snare In Oregon at the last election the Union ticket was seriously weakened by allowing personal squabbles the currency question and other side issues of only secondary importance which had no business in the canvass, to be mixed up with the general issue of reconstruction John W Forney thus writes to the Philadelphia *Press*

If the warning which resulted from the Republican defeats of 1862 were the seeds from which sprang the glorious harvests of 1863 1864, 1865, and 1866—harvests of victory in the battle field and at the ballot box—we should accept the reverses of the present year as so many admonitions and preparations for the coming time. Take Pennsylvania alone, and a very little more activity and energy in the counties will not only reverse the majority for Judge Sharswood if there is one, but restore that which saved the State one year ago by electing John W. Geary Governor Only do next year what you ought to have done in the present, and what you will do me the justice to say I have steadily and earnestly contended for from the beginning—prefer in all instances, other qualifications being equal, the soldiers in your selections for candidates, and where ... cannot be had, take care to secure the ablest and most experienced civilians, and you have only to place your flag at the head of the column to recover all you have lost, and to hold it as long as you are true to your principles. The same prophecy will be realized as to Ohio, Indiana New York, and New Jersey if these latter, under the same influences should vote with the enemies of the Republic I have never seen our friends so little discouraged."

The effect of the elections this fall will be to make U. S Grant the Union candidate for the Presidency, and the defeat of the Copperheads ... certain and overwhelming. As the candidate of the Union party, with the Radical Congress ... of reconstruction, which he earnestly supports, not merely as law but as *principle*, for a platform, Gen. Grant can carry every State having a vote, from Ontario to Mexico and from Maine to Oregon, and beat any man the Democrats can nominate four or five hundred thousand votes He can overthrow the rebel Democracy at the ballot box as completely as he did on the battle field. ... I think all who have the Union cause at heart, should lay aside their individual preferences, and support Grant for the Presidency, and not run the risk of throwing the Government into the hands of the enemies of the country by running a less popular ...

Different Phases of Copperheadism.

The New York *World* is preaching a sort of "Democracy" which is hardly suited to the meridian of Oregon But possibly that is a small matter, as "Democracy" for many years has been in the habit of taking a shape suited to any given locality, without regard to the various shapes it has assumed elsewhere There must be something in the party to relieve, or partly relieve, the odium of its rebelism, and this ingredient such papers as the New York *World*, and such orators as Horatio Seymour, endeavor to supply Advisers of this class usually manage to control the Conventions of the party, not, however, by numbers, for they and the class they represent are only a petty minority,—but by frightening the mass of the party into the adoption of their measures. During the last six years the fear of defeat has generally prevented a distinct and unequivocal utterance of Democratic principles The muzzling of meetings and the gagging of Conventions, performances which have been witnessed recently to some extent in this State,—have been general throughout the country The crafty few have triumphed over the more honest many. This class of leaders have feared to let the party speak, and have often snubbed their party followers into silence In the hope and for the sake of [illegible], [illegible] have been submitted to. The result of this sort of tactics has been that a platform [illegible] a bold avowal of Democratic principles has rarely been seen for several years. The party is nationally [illegible] in favor of State rights, [illegible] State supremacy, and its organs daily [illegible] the doctrines of the nullifying secession resolutions of 1798; but the party in its Conventions repudiates this distinctive Democratic doctrine, and resolves that the National Government is supreme. This is done at the instance of the politicians whose motto, as expressed at a late Democratic meeting in this State, is: "Let us first get into power and then we can declare our [illegible]" This, it is apparent, is the method by which the [illegible] principles of Democracy" are, (if the thing is possible), to be revived and sent forth to conquer

Following this plan, the New York *World* and [illegible] of its class bend all their energies to the work of [illegible] the more hateful features of Copperheadism. This work is more necessary in the [illegible] than here; for the party there [illegible] more to loyal public sentiment than [illegible] here where a Democrat's best recommendation to the favor of his party is his having been in the rebel army. In order to combine the utmost possible strength for the party, it is necessary for a portion of the [illegible] in the [illegible] State to advocate doctrines [illegible] no countenance from the [illegible]. For example, the paper which we [illegible] strongly intimates that [illegible] made its party odious [illegible] that the old affinities of the [illegible], and that in [illegible] it must cut loose from the [illegible] of its [illegible]. We present a [illegible] of one of the *World's* articles:

[illegible] party must bow [illegible] ... It is [illegible] of the last six [illegible] ... The [illegible] is not to [illegible] on [illegible] ... of our young men [illegible] ... All the [illegible] ... our [illegible] life than this to [illegible] whole [illegible] to the proof, the ex[illegible] of a 10[illegible] And it came at an age when the character [illegible] either [illegible] of men that is [illegible] that [illegible] with the [illegible] to [illegible] will be ruled by the [illegible] in these later [illegible]

[illegible] on the Democratic [illegible], the *World* says:

[illegible] to put on the brakes. In [illegible] too fast, it fell [illegible] a more fatal blunder, at [illegible] to the point [illegible] to the [illegible]

[illegible] only paid [illegible]; but when we find those who are [illegible] working hand in hand with those who are [illegible] to carry [illegible] it stood when Buchanan administered the Government, we may very properly [illegible] are not [illegible] with an honest [illegible] their object is to give a [illegible] hue to [illegible] to make it appear less odious [illegible] by the majority of the orators of the party. [illegible] of Copperhead[illegible] that of the New York *World* to that of the *Old* [illegible] and the *La Crosse Democrat*. Intrinsically, [illegible] forms are alike. They [illegible] not in kind, but merely in degree

[illegible] is an [illegible] known as the Society of the [illegible], which held its annual [illegible] at St Louis a few days ago. Some of the [illegible] soldiers of the war, including Generals [illegible], Howard, Tyvarsk and others, were present and participated The Copperhead *Herald* [illegible] this organization a "humbug military [illegible]." It [illegible] the [illegible] national [illegible] were [illegible] The only way in which the Copperheads can retaliate for [illegible] to their [illegible] by [illegible] is by calling names and [illegible] If the survivors of the rebel Army of [illegible] should form a Society and hold an annual [illegible] with Jo. Johnston to preside, and Hood, Bragg, Beauregard and others to deliver [illegible] of the "Abolitionists" and [illegible] of the Lost Cause, the *Herald* would [illegible] publish the proceedings with encomiastic [illegible] the "patriots" participating in [illegible]

The editor of *Harper's Weekly* remarks that, when the Union Pacific Railroad is completed, all other lines of railway will become, to a certain extent, its feeders Along the entire route over the great plains [illegible] will be constructed, which will pour in their wayside contributions to an extent that cannot to-day be approximately estimated Already, with less than one third of its length complete, it is earning twice its operating expenses as officially stated Such success is without precedent When it reaches the already populous gold regions of Montana, Idaho and Nevada, the freight to and from those points is likely to be almost fabulous And population follows the road as it extends A town or village marks each stage of its progress Who can calculate the quantity of way freight that the road is destined to carry for rising communities? Who indeed can estimate the amount of passenger traffic alone?

In his late oration Johnson says that the people always mean to do right, though they are sometimes misled by lying prophets This accounts for the partial Copperhead successes in the late elections Such "lying prophets" as Pendleton, Johnson & Co. have temporarily misled the people, but the people may be fully trusted to do right next year In the storm which is coming, the aforesaid prophets will meet the fate of Jonah. They will surely go overboard

Paying off the Five-Twenties

The following is the full text of a letter written by Secretary McCulloch on the subject of paying the five-twenty bonds, to which allusion was made some weeks ago in the telegraphic dispatches It will be seen that the policy and opinion of the Treasury Department in regard to the description of money in which these bonds are to be paid, was the same two years ago that it is now The letter was addressed to one of our financial agents in Europe

TREASURY DEPARTMENT, Sept 8, 1865

MY DEAR SIR, —Your favor of the 22d ultimo is at hand There was no expressed pledge on the part of the Government that the five-twenty bonds should be paid in coin, because no such pledge was needed All bonds issued by the Government are considered to be paid in coin—all that have matured have been so paid Bonds that fell due on the 1st of January, 1863, were paid in coin, and the Texas indemnity bonds have been, and are now, being paid in the same currency, when presented by loyal men who received them through loyal channels

The action of the Government in the past and at the present time is a sufficient guarantee of what its course will be in the future. There is no cause for anxiety on this point The Government will keep faith with its creditors There is little doubt that before the issue of five-twenty bonds fall due in 1887, specie payments will have been resumed, but if this should not be the case, there is nothing in the past history of the Government to justify the apprehension that a depreciated currency will be offered to holders in payment thereof I am truly, yours,

H McCULLOCH, Secretary

The "organ" says, snappishly, that "the elections in every Southern State will be alike" Of course they will That's what's the matter with your party But what are you going to do about it? Rebel, and be subjugated again?

The score stood 30 to 52......We call attention to the fact that the County Commissioners advertise for the return and delivery of County Arms to the [illegible]......A number of the men employed here for the Kelly Expedition, which left here last summer, returned this week, the approaching winter rendering their [illegible] no longer [illegible]. Among the rest came Mr. S. P. [illegible], a [illegible] employee of this office, much improved by the mountain air......We understand that the [illegible] survey of the Columbia river route was [illegible] at or near Portland on Tuesday last, under Mr. Jared Hurd, aided by a suitable corps of hands. It is said to be Mr. H.'s expectation to cross the Columbia only a short distance above this and continue the survey up the river on this side as rapidly as possible. It is [illegible] to us, even to hear a railroad talked about......We [illegible] from Mr. [illegible] that the [illegible] is quite large. It now numbers eighty [illegible] and will probably reach a hundred. Mrs. Mc[illegible] has been employed as an assistant. She has been in the [illegible] school as a teacher before, and we believe [illegible]. We are gratified to learn that [illegible] been no falling off in the attendance at the [illegible]. Some have gone from that to the district [illegible] but new scholars have taken their places, so that the attendance has not been diminished.

THE "FAT CONTRIBUTOR" ON HORSES.—Under the head of "Our Turf Department," one of our exchanges has [illegible] of "answers to correspondents" by the "Fat Contributor," in which a great many questions are wittily disposed of. For instance, he says [illegible] is not the [illegible] who captured [illegible]. That wasn't his [illegible]." To one who wanted to know whether [illegible] grew up from horse chestnuts, he [illegible] "You had better read some standard work on [illegible]. If you can't any horse to read it on, read it [illegible]." To the question, who has [illegible] times [illegible], he replies, "Old Put, when he beat the [illegible] out of the 'rocks.' He came out a neck ahead, [illegible] it was thought he wouldn't at one time. Shortly after that event a British racer, Maj. Andre, ran for a [illegible] but came out a neck loser." The cause of heaves is thus stated: "Sickness at the stomach. [illegible] feel like human beings. If they ain't [illegible] they won't heave." As to horses' [illegible] are all sorts of gaits upon horses. Some have only one gait, while others will take every [illegible]. No two horses run alike. While one [illegible] to graze another, runs away to skin and [illegible]. One [illegible] from St. [illegible] asks [illegible] place to get a sulky for his wife. Answer: "[illegible] there, in St. Louis. Let your wife receive attention from another man, and if you dont get a *little sulky*, you are different from most men."

THE PUBLIC SCHOOLS.—The public schools of this city closed their first quarter for the year 1867-8, yesterday. The following is the quarterly report, furnished us by Mr. O. S. Frambes:

CENTRAL BUILDING.

[illegible]—O. S. Frambes, Principal; Mrs. E. B. [illegible], Assistant; number of boys enrolled, 49; [illegible] girls, 37; average daily attendance, 74.

[illegible] 715; average daily attendance, [illegible].

O. S. FRAMBES, Principal.

[illegible] CITY ITEMS.—We clip the following items from the [illegible]: Postal Agent Brooks, who is untiring [illegible] to the wants of the people, paid this city a visit a few days ago and started the machinery of the [illegible]. [illegible] Kelly is now prepared to draw on almost any town in the Atlantic States. Depositors here can have drafts for [illegible] the half of one per cent., and [illegible] is sure......The Edwin Booth [illegible] have [illegible] a first rate beginning [illegible] the management of Mr. Murray, and soon we hope to [illegible] the first recitation. They have the credit of [illegible] the first stage in Oregon City, which is [illegible]. It is [illegible] that this is the oldest settlement on the coast—but not so creditable to others. The [illegible] of the club will be devoted to the purpose of establishing a circulating library in the city. [illegible] of the M. E. Church of this city will give a festival at the Court House on Thursday evening the 21st inst., to meet [illegible] is connected with the [illegible] and parsonage. There will be a supper, music, [illegible].

BAD ROADS.—We hear frequent complaints about the [illegible] condition of a portion of the road between this city and Hillsboro. It is reported that a section of [illegible] two miles, beginning near the county line and extending toward Hillsboro, is nearly impassable, and that [illegible] are practically cut off from this market, in consequence. It is impossible to haul a load over it and [illegible] it to get along with an empty wagon. As might be expected, most of the wheat offering for market, from the Tualatin Plains, is going either to Springville or St. Helens. If the roads to this city are to remain in such a [illegible] nobody ought to complain if the grain [illegible] finally [illegible] to other [illegible]. It is said that the road supervisor in the district [illegible] to do anything, and the only way left, [illegible] to repair the road, is by private enterprise. We learn that a subscription will be opened to-day for [illegible] funds for defraying expenses of repairs.

ROLL OF HONOR.—The following is the list of pupils in the [illegible] of the Central Building, whose [illegible] Roll of Honor: Mary Alphin, Mary [illegible], Belle Brannon, Annie Collins, Rebecca [illegible], Alvira Fisher, Mary Fine, Jennie [illegible], Maria [illegible], Mary Halsey, Jennie Kruse, Stella King, [illegible], Emma Lindsay, Elsie Lacy, Katie [illegible], Susie Risinger, Eppie Patterson, Georgia Pope, Mary Pollock, Lucy [illegible], Matilda Raleigh, Anna Sherlock, [illegible] Sherlock, Annie Stearns, Emma Strang, [illegible] Taylor, Hattie Warren, Frank Bolter, Jno. Burke, Wm. [illegible], Edward Carr, Walter [illegible], [illegible], James Harvey, Isaac H[illegible], [illegible] LaMonte, Frederick Matthews, Walter Niles, [illegible] Stearns, Gustavus Stearns, Winfield Stephens, [illegible], Alfred Sutherland, Ralph Welch.

O. S. FRAMBES, Principal.

MRS. [illegible] AGAIN.—The Owyhee *Avalanche* of the 9th inst., has the following in relation to the story about the Indians having burned Mrs. Denoille: "During the week we have conversed with a Sergeant who was along with the expedition that went from Camp Lyon for the purpose of recapturing Mrs. Denoille, and he says the story [illegible] finding anything which would indicate that the [illegible] was burned, &c., is untrue in every particular—was the invention of some "smarty." So, for anything known as yet, Mrs. D. is alive. Our informant says that the squaw retained at Lyon asserts that the captured woman has "gone to Winnemucca" to be traded off, &c. Everything should be done to ascertain the truth of the matter. If she has gone to the head-quarters of [illegible], it is only additional evidence that the [illegible] along the Owyhee, is done by the savages two or three hundred miles away.

PERSONAL.—Mr. John Wasson, formerly one of the [illegible] of the Owyhee *Avalanche*, called on us last evening. He quit the newspaper business on account of the failing health of his brother, with whom he was associated in the management of the *Avalanche*. He proposes to remain here a few days, visiting our notable [illegible], and then to go to Puget Sound. In the course of a few weeks, he expects to leave this coast for the Eastern States. We found Mr. W.'s very pleasant gentleman and, withal, well posted on Idaho affairs.

LETTERS UNPAID.—Letters with the following addresses remain in the postoffice here on account of the postage being unpaid. The writers will call and stamp them but will not be allowed to take them from the office: E. C. W[illegible], Franklin, Iowa; R. Jacobs, Walla Walla, W. T.; Mrs. Robt. McGarvey, Eureka, Cal.; L. J. Powell, [illegible], Oregon; Mrs. J. Langdon, Yaquina, Oregon; L. W. R. Jones, Waconda, Oregon; J. Levy, Albany, Oregon.

ANOTHER FESTIVAL.—The ladies of the M. E. Church are preparing for a festival at Oro Fino Hall next Wednesday evening. The object is to raise funds toward completing the basement story for use. The fee for admission is fifty cents, and there will be articles inside, for sale, for which visitors can expend as much more as they please. It is understood that one of the Vancouver bands of music will be in attendance.

MORE GRASS WIDOWS.—Vancouver has the reputation of being a good place to get married; judging from the [illegible] of divorces granted at the late term of the District Court, it is an equally good place to get unmarried. There were five grass widows turned loose, to prey upon the [illegible] half of the human family.

CIRCUIT COURT—SHATTUCK, JUDGE.—Proceedings of Friday, Nov. 15th:

E. Kahn & Bros. vs. D. Simon; verdict for defendant.

COLLECTION OF TAXES.—Mr. M. Kline, deputy tax-collector will collect taxes in North Portland precinct, on Saturday, 16th (to-day;) in the middle precinct, on Monday, 18th, and in South Portland precinct on Tuesday 19th. Tax-payers who still owe the county and State should meet him and pony up.

BASE BALL AT PRAYER MEETING.—The *Dramatic Chronicle* tells of a young minister who came fresh from a game of base ball to the weekly prayer meeting, and being called upon to pray, wound up his invocation with: "O Lord, as we start for a home run to glory, don't let us by the devil be caught out on the fly."

THEATRICAL.—Joe Delavan with a new-made-up troupe has reopened the Willamette Theater, and will give nightly performances. Graham and the Tanners have gone away somewhere on a tour. Sprague and Franklin left with Bartholomew's Great Western Circus.

GYMNASIUM.—The Pioneer and Spartan B. B. clubs have jointly rented the old gymnasium on Second street, between Alder and Morrison, and, as we are informed, are fitting it up for the use of members during the winter months.

THE MONTANA.—The steamship *Montana* sailed yesterday morning at 8 o'clock, as advertised; but got aground at Swan Island bar where she remained all day. It was expected, however, that she would float at high tide last night.

RECORDER'S COURT.—Only one case was presented to the Recorder for trial yesterday morning. Frank D. Brown, for being drunk and disorderly at Arrigoni's Hotel, was sent to jail for eight days.

TO SAIL.—The steamship *California* will sail this evening, or as soon as her cargo can be got on board. She has no Victoria freight of any consequence and will make up her entire cargo here.

BURIAL.—The funeral of Mr. H. J. Fagan, yesterday was an imposing ceremony, the Fenian Guard being out in full force, in uniform and with arms.

THE CALIFORNIA'S FREIGHT.—The steamship *California* brought up for Portland 196 tons merchandise; for Victoria, 206 tons.

The assessment roll of the State of Nevada, for 1867, sums up a total of $6,343,353 26.

BAUMAN'S new Fall and Winter styles of Clothing have just arrived by the *Montana*, and will be opened to-day. All who have been waiting for the latest and best styles, can get them by calling at Bauman's, corner of Front and Morrison.

A[illegible] SCRUBS!—Sometime this afternoon, after the close of the match game between the Spartans and Pioneers, the scrubs of all the clubs will please assemble for a scrub game. By order of

OREGONIANS should test the merits of DR. HOSTETTER'S STOMACH BITTERS. While it is highly palatable as a beverage, it is unequalled as a tonic and invigorator. Has Returned to Portland, and
can be found at his residence on
Third St., bet. Alder and Washington.

Those who desire FIRST-CLASS DENTAL SERVICES might do well to give him a call. He is making a NEW AND IMPROVED VULCANITE PLATE; the nature of his improvement consists in lining the entire concave surface with fine gold; it makes the plate twice as strong and one-third times thinner than the common vulcanite plate. It also prevents the acids of the mouth from [illegible] the plate, and from turning it black, which is a common occurrence. One-half of the common vulcanite plates turn black after being in use a short time, particularly when [illegible] is used for marking. His new style of plate admits of a very fine finish on the concave or palate surface. His office is the only place where such work can be had. The improvement is his own invention, for which he has made application to the United States Patent Office for a patent. He has been making this style of work for the last two-and-a-half years, and has specimens of the work which can be seen at his residence and office on Third street. This work has given perfect satisfaction in every case.

Price for upper teeth, $50; full set, upper and lower, $75 00. oc31dtf

THE PEOPLE have been so much imposed upon by several worthless Sarsaparillas, that we are glad to be able to recommend a preparation which can be depended on as containing the virtues of that invaluable medicine, and is worthy of the public confidence. DOCT. AYER'S SARSAPARILLA cures when anything can cure the [illegible] that require an alterative medicine.

The acknowledged superiority of his merchandise, which [illegible] here, and in the markets of the interior, a relatively higher price, excites the cupidity of some manufacturers, and every day we see increasing the number of those who, by counterfeit or imitation of his mark, seek to deceive the public, palming upon them their [illegible] for the genuine G. HOSTETTER'S
CELEBRATED STOMACH BITTERS!
A Pure and Powerful Tonic,
Corrective and Alterative, of wonderful efficacy in Diseases of the
STOMACH, LIVER AND BOWELS.
PROTECTIVE PROPERTIES.
Proof to Fever and Ague and Billious Remittent Fever. Fortifies the System against Miasma and the evil effects of unwholesome water. Invigorates the organs of digestion and the bowels. Steadies the Nerves and tends to Prolong Life.
REMEDIAL PROPERTIES.
Cures Dyspepsia, Liver Complaint, Sick and Nervous Headache, General Debility, Nervousness, Depression of Spirits, Constipation, Colic, Intermittent Fevers, Sea Sickness, Cramps and Spasms, and all complaints of either sex arising from Bodily Weakness, whether inherent in the system or
PRODUCED BY SPECIAL CAUSES.

NOTHING THAT IS NOT WHOLESOME, GENIAL, and restorative in its nature, enters into the composition of HOSTETTER'S STOMACH BITTERS. This popular preparation contains no mineral of any kind; no deadly botanical element; no fiery excitant; but it is a combination of the extracts of rare, [illegible] and plants, with the purest and mildest of all diffusive stimulants.

The weak stomach is rapidly invigorated, and the appetite restored by this Tonic, and hence it works wonders in cases of Dyspepsia, and in less confirmed forms of Indigestion. Acting as a gentle and painless aperient, as well as upon the liver, it also invariably relieves the Constipation superinduced by irregular action of the digestive and secretive organs.

Persons of feeble habit, liable to Nervous Attacks, Lowness of Spirits, and Fits of Languor, find prompt and permanent relief from the Bitters. The testimony on this point is conclusive, and from both sexes.

As a Genuine Tonic, HOSTETTER'S BITTERS produce effects which must be experienced or witnessed before they can be fully appreciated. In cases of Constitutional Weakness, Premature Decay, and Debility and Decrepitude arising from old age, it exercises the electric influence. In the convalescent stages of all diseases it operates as a delightful invigorant. When the powers of nature are relaxed, it operates to re-enforce and re-establish them.

Last, but not least, it is the only safe stimulant, being manufactured from sound and innocuous materials, and entirely free from the acrid elements present more or less in all the ordinary tonics and stomachics of the day.

"Eye hath not [illegible], Ear hath not [illegible]."

Eye hath not seen, ear hath not heard
One half of the miracle land,
That lies just over the waters of life—
Just beyond its shores and its strand—
Where our tears change to pearls, our sufferings to joy,
Our dross becomes gold without an alloy.

Eye hath not seen, ear hath not heard
One half of the mysteries there;
The pearly gates with their legions of guards,
Or its blossoms and fruits so rare—
Of the pastures so green and waters so still,
Where the sanctified hosts may wander at will.

Eye hath not seen, ear hath not heard
Scarce a word of the harmony sweet
That echoes and rolls o'er those mountains of bliss,
The blood washed spirits to greet—
Who, weary of life, have severed their ties,
And mounted by faith to their home in the skies.

Eye hath not seen, ear hath not heard
But a tithe of the mystical lore
Of the country where prophets and patriarchs meet
To part from their kindred no more.
But dying, they left us, in letters of gold,
The blessed assurance—they're safe in the fold.

Eye hath not seen, ear hath not heard,
But Faith hath these mysteries scanned,
And folded its wings with the beautiful hope
Of that rest in the unknown land;
We shall go out not from that country so fair,
For sickness and death shall enter not there.

When Kleber was in Egypt he sustained during the five hours, with only two thousand men, the united efforts of twenty thousand. He was nearly surrounded, was wounded, and had only a narrow defile by which to escape. In this extremity, he called to him a *chef de bataillon*, named Chevardin, for whom he had a particular regard. "Take," said he to him, "a company of grenadiers and stop the enemy at the ravine. You will be killed, but you will save your comrades." "Yes, General," replied Chevardin. He gave his watch and pocket book to his servant, executed the order, and his death, in fact, arrested [illegible] and saved the French.

Boston having added Roxbury's [illegible] now has 220,750. She is [illegible] the following small neighbors: Dorchester, 10,[illegible]; West Roxbury, 5,872; Brookline, 5,[illegible]; [illegible] 3,357; Cambridge, 29,[illegible]; [illegible] 3,[illegible]; Somerville, 9,337; Chelsea, 14,403; North [illegible], 858; Winthrop, 424; all of which would make Boston's grand total, 236,[illegible].

FINANCE AND COMMERCE.

WEEKLY REVIEW.

[illegible], FRIDAY, Nov. 15, 1867.

Gold at New York on the 13th was 139⅝. [illegible] were [illegible] at 72c, [illegible] and 72½c, [illegible] to be no [illegible] in the money [illegible] here, though [illegible] for it for the [illegible] of working off the [illegible] of produce, in [illegible] of a decline in gold. The supply is very well kept up by liberal purchases from the interior, who are buying a [illegible] later and much more largely than there had been any [illegible] to expect. The receipts of treasure from the [illegible] are not so large as for corresponding [illegible] of last year, for the reason that, much of the [illegible] by way of the [illegible] route; but the actual payments to merchants of this city are probably quite as large as ever. It will thus be seen that the [illegible] of [illegible] by the other [illegible] is of no [illegible] whatever to the financial interests of this city or State [illegible] the [illegible] are [illegible] such as would never find their way into our circulation [illegible], way of the Columbia river, but all pass through this city to San Francisco.

The [illegible] from New York as to produce indicate a [illegible] in flour and wheat. The flour [illegible] is dull at $13,25; The [illegible] dull and nominal at $3 00@$3 20. In Liverpool, [illegible], Pacific coast wheat is quoted higher—17 [illegible]. In expectation of a falling off in [illegible] in the markets to which we export, buyers are not at all [illegible] at the [illegible] figures. We [illegible] both flour and wheat at the same figures as last [illegible], but the [illegible] The [illegible] will take to-day a full [illegible] will be flour and grain; and still [illegible] in [illegible] more than [illegible] to load all the [illegible] expected [illegible]. There has been, for the last two [illegible], a want of [illegible]. The [illegible] trade [illegible] but to [illegible] the [illegible] once a week instead of once in ten days. The same want has been felt at San [illegible] and the [illegible] exporting [illegible] of the [illegible] has [illegible] from it. [illegible], a prospect that the canal will [illegible] long be [illegible]. The [illegible] of the [illegible] for Grain [illegible] quite a number [illegible] have been over due for some time past. [illegible] tons of tonnage [illegible] 30,000 tons of tonnage [illegible] for the same time last year. The [illegible] are as follows:

		1867.		1866.	
		Ves.	T.	Ves.	Tons.
[illegible]	ports	51	61,000	30	30,000
[illegible]		63	19,000	21	12,000
[illegible]		4	2,000	7	5,300
[illegible]		5	3,500	3	1,500
[illegible]		11	[illegible]	13	7,300
[illegible]		105	80,800	80	64,200

[illegible] Besides these, [illegible] in the port, [illegible] 13,200 tons of [illegible] from [illegible] Atlantic and [illegible], are now overdue, having been out [illegible] of 158 days. In addition there are 10 more [illegible] 6,000 tons of [illegible], from the same [illegible], due within 20 days. Besides these, there are several [illegible] on the way, which [illegible] arrive at any hour. It [illegible] be the general [illegible] that the [illegible] will not be long delayed, and that, when it does [illegible] will be the result. * * *

[illegible] with Oct 1st, 1866, the figures for the past [illegible] show a [illegible] of 55 per cent. in the [illegible] of [illegible] per cent. in the aggregate amount of tonnage and 35 per cent. in the total amount of freight collected on [illegible]. Of the exports for October the same [illegible] With one exception, the exports for the past [illegible] are the largest on record. The aggregate for [illegible] in the past two [illegible] a total of $5,184,000. The total [illegible] of our [illegible] during the year 1865 was only a little over $4,000,000. Of the [illegible] for the past two [illegible] $2,187,000 was on account of Great [illegible] for Wheat. In the [illegible] the [illegible] last year, the same [illegible] took from us a value of $[illegible]. The [illegible] for the [illegible] months [illegible] a value to New York of $1,102,[illegible]; to Mexico of $[illegible]; to China of $360,000; to Japan of $144,000; to [illegible] of $[illegible], and to the [illegible] of $160,000. The value to "other countries" for the two [illegible] was $[illegible], embracing Wheat to France, Flour to Brazil, etc. The exports for the past [illegible] are about 65 per cent. [illegible] of the corresponding [illegible] in the two previous years."

The Boston *Morning Traveler* of October 17th, makes the following favorable [illegible] the prospective [illegible] trade in [illegible] with the Pacific coast:

We are glad to record that our [illegible] trade from [illegible] has again commenced, the ship *Ocean* [illegible] having [illegible] from San Francisco, October 10th, for [illegible], with a full [illegible] cargo. This vessel will probably be followed [illegible] with Australia Boston still [illegible] three or four ships and [illegible] are [illegible] on the berth for that quarter at this port, and fill up rapidly with [illegible] cargoes of [illegible] and [illegible].

Wheat and Flour at the [illegible] prices in San Francisco, will pay a [illegible] when shipped to the [illegible] cities. Last year, our Flour [illegible] did not [illegible] to any great [illegible] in the profits of this trade. New York received [illegible] of Wheat and Flour from San Francisco [illegible] large sums of money were made. Philadelphia, also, received [illegible] very large [illegible], leaving large [illegible] of profits; but Boston did not receive a single [illegible]. This city is [illegible] all over the country as one of the [illegible] Flour markets in the world, and the [illegible] Flour trade is said to be the [illegible] in the United States. We wish that they [illegible] to enter largely into the California Wheat and Flour trade; and we feel confident that, with their [illegible] and thorough knowledge of the [illegible], it could be profitably managed by the [illegible] and [illegible] of this city. Could we have one, two, or three ships every [illegible] arriving at this port from California, loaded mainly with breadstuffs, they would greatly add to the commerce of this port, and [illegible] large [illegible] here from San Francisco of other [illegible] articles of merchandise, such as wool, hides, ores, oils, etc.

The [illegible] alluded to carried 26,457 qr sks flour and 700 bales wool.

There is very little of interest to note in other departments of the wholesale trade, beyond the fact that the amount of goods sold is much larger than usual at this late [illegible] of the year. The [illegible] activity is [illegible]. There is, however, a moderate demand for dry goods and woolens. The general list of quotations [illegible] by small number of changes.

THE ROYAL BALSAM!

HAS NOW BEEN BEFORE THE PUBLIC FOR A length of time, and wherever used is highly recommended, never failing in a single instance to give permanent relief when timely used, and we have never known a single case of dissatisfaction, but, on the contrary, all are delighted with it and speak in the highest terms of its [illegible]. The [illegible] efficacy of the ROYAL BALSAM, in curing the diseases for which it is recommended entitles it to the highest rank among the list of medicines, and no family can be without it after once trying it.

Read the following testimonials from some of the most prominent citizens of Oregon.

MIRACULOUS CURE.

DR. HENLEY—Dear Sir: I feel it but a duty to inform you and the public what a miraculous effect your Royal Balsam had on my wife. She had been affected with a severe cough for several weeks, which had assumed a dangerous feature, for which many physicians have been trying without any material benefit, and all the remedies failed to give her any relief. Without relief was got I feared for the worst, in her present condition. The cough appeared to be worse at night, she could get no rest when Mr. Randall, of this place, advised me to try your Royal Balsam; all other remedies having failed, I concluded to try it, and I purchased two bottles. Strange to say, by the time I gave her three spoon fuls of the Balsam she got relief, and slept, a thing she had not done for three nights previous. By the time she had taken one bottle the cough was checked. Its effect was truly miraculous, as the cure was effectual; hence, I have no hesitation in recommending the Royal Balsam to all who are afflicted, and it appears astonishing to me that medicine of such great merit, and I might say magical effect, is not more in use. My candid opinion is, if persons use it once, they can't be without it in the house.

Vancouver, March 1, 1867. H. COCHRAN.

From Wm. Doty.

North Yamhill, July 15, 1867.

DEAR DR. HENLEY—It is with sincere gratitude I undertake to write to you, that your Royal Balsam has done for me. For the last 12 years I have been afflicted with a severe cough and what also some of the physicians called the Bronchitis, and have spent a fortune to get cured, trying all the physicians and remedies I could get to no purpose. Through the influence of my neighbors (for you have a great name with them here,) I got a bottle of your Royal Balsam, and finding that it relieved me considerably I sent for a half dozen more. And now after one month using it I am perfectly cured. I gained ten pounds within a month and feel quite a different man. I send you this for publication for the benefit of humanity, that through my experience others in affliction may be relieved as I have been. Yours truly,

WILLIAM DOTY.

From Sophia M. Holman.

DEAR DR. HENLEY—It is my duty to inform you and the public, what a miraculous effect your Royal Balsam had on my children. Two of them had a very bad cough and cold, I got a bottle of the Royal Balsam, and gave them some at bedtime and some in the morning, and that was all that was needed to cure them. I was astonished at not hearing them cough again, but so it was. I find if you give it in larger doses it will make the children throw up in an instant, and I think every mother ought to have a bottle of your Royal Balsam in the house, in case a child should get the croup for which it is a sure remedy, as it acts like magic on children. What I have seen and heard from my neighbors about the Royal Balsam I would sooner depend on it than on any prescription from any physician. I have lost two children within the last year of the same disease, but had I at the time some of the Royal Balsam I am confident my dear ones would be alive now. I shall always recommend it to all my friends, for I consider it a blessing and Godsend to mankind.

Yours truly, SOPHIA M. HOLMAN.

From Drs. Bell & Parker.

We have sold a great deal of Medicine since we have been in business, and now have fifteen different kinds of Expectorants for sale. But Dr. Henley's Royal Balsam takes the palm from all. In fact, we sell six bottles of Royal Balsam to one of any other kind—and really it seems of no use to keep any other. During our experience we have never seen any medicine that gives the satisfaction the Royal Balsam does, as is proven by the results daily coming in from the country of old Chronic cases, when nothing else would remove the dreadful cough they had. I find it is good for Bronchitis and Asthma. We acknowledge it is a pleasure to sell medicine that gives such universal satisfaction.

BELL & PARKER,
Druggists Oregon City.

From W. F. Barber.

DR. HENLEY—*Dear Sir*. I had the Asthma for the last four years, so bad that it came near choking me. I tried all the patent medicines recommended for the cure of Asthma without doing me the least good; till I was told to try some of your Royal Balsam, which in several afflicted with the same disease, has performed wonders. I am using it now for a week and strange to say I have not experienced anything since, and I really believe that I am perfectly cured, anyhow I shall never be without a bottle of the Royal Balsam in the house in case of a similar attack, and I have no hesitation in recommending it to all afflicted with the same disease.

I am Yours truly,
W. F. BARBER.

From J. H. Morril.

DEAR DR. HENLEY—I think it but justice to you that these few lines should be made known to the public, for there is so much humbug going on in patent medicines and quack nostrums now a days that I had lost all faith in everything in the shape of medicine. I was affected with what is called Bronchitis for the last thirty years, I coughed and wheezed for an hour at a time. I tried some of the best physicians in the Atlantic States and on this coast, all to no purpose. I could get no relief and I really thought there was no relief for me in the world. I was induced to try a bottle of your Royal Balsam and it had a most remarkable effect on me, and before I had used up four bottles, the cough left me and I can talk as loud as anybody, my wife and neighbors don't know what to make of it. My opinion is that if they knew the value of the Royal Balsam there is not a family in the country that would be without it, I think there is not a better medicine in existence for Bronchitis or cough than the Royal Balsam, and I conscientiously recommend to all so afflicted to give it a fair trial.

I remain yours, truly,
J. H. MORRIL.

CARD.

DR. BARLOW J. SMITH'S WATER CURE AND Phrenological Institute, 627 Sacramento Street, San Francisco. This is the only Regular Water Cure in Francisco, where all curable diseases are treated without drugs. Dr. Smith was the first to establish a water cure on this coast, based upon the theory and practice of the New York Hydropathic College.

We have a truly healthful boarding place for men, women and children, and our prices are moderate.

The Phrenological organs plainly indicate the diseases to which any person, male or female, is predisposed.

Put this card in your hat, and when you come to San Francisco, call on Dr. Smith. He will give you consultation and a phrenological examination in regard to health. It will cost you nothing and may save you months and years of ill health and "bad luck."

Dr. Smith gives free lectures to gentlemen every Friday evening on subjects pertaining to health, at his Phrenological Hall, 627 Sacramento Street.

RENNICK'S SITKA LINIMENT!

THE MOST REMARKABLE DISCOVERY EVER MADE!

Will Cure All Pains in a Few Minutes!

Read the Certificates!

SPRAINED WRIST CURED.

PORTLAND, August 10 1867.

I was at Mr. Wegner's [illegible] on Saturday, August 10th, and seeing the [illegible] of J. G. RENNICK'S SITKA LINIMENT, in his case, I concluded to try it on my wrist which I [illegible] sprain [illegible] for a long time. I found relief inside of FIVE MINUTES from its application and it is now perfectly well. My wrist was so swelled I could not shut my fingers. I believe it will cure any pain in a short time. I will give any further particulars to whoever calls on me.

VINCENT McCULLOUGH,
Corner of Fifth and College streets.

Tumor Removed!

PORTLAND, August 10th, 1867.

I HAVE USED RENNICK'S SITKA LINIMENT for pain and swelling of the gum and cheek. I had a large tumor forming in the gum which arose from killing the nerve in my tooth and caused me a dreadful pain which prevented me from sleep for several nights. I applied the Liniment, and to my surprise, it removed the lump and eased the pain so that it is now as well as the other cheek. My cheek was frightfully swollen. This was done in the presence of two witnesses.

T. MITCHELL.

PORTLAND, August 12th, 1867.

For five years I have suffered with a pain or weakness in my back, which at times was dreadful. I often thought I could not bear such torment. But I got a bottle of RENNICK'S SITKA LINIMENT, and with one rub it perfectly cured me. I can recommend it to any lady suffering from pains in any way, for I am convinced it will at once remove them.

DORE COHN,
Corner of Fourth and Taylor streets.

Any person who does not believe this can call, and I will convince them.

Rheumatism Cured!

State of Oregon, County of Multnomah—ss.

I JEREMIAH BLOCK, BEING DULY SWORN, SAY that I am fifty three years of age that I reside in Yamhill County, State of Oregon. I came to Portland on business on horseback, from my home this morning. When I left home I could scarcely walk or stand on my feet, from Rheumatism, which has afflicted me for the last eight years. I was standing in Wilson's stable, on First street, in this city, when I heard Mr Rennick's offer to bet that he would take out the Rheumatism in any case in twenty minutes. Rennicks offered to bet $100 that he could do it. I went to Mr Rennick's house and he applied the Liniment to my leg, and in twenty minutes my leg felt sound and limber, and as well as ever.

JEREMIAH BROCK.

Subscribed and sworn to before me this August 29th, 1867.

TO THE UNFORTUNATE.

NEW REMEDIES, NEW REMEDIES

Dr. Gibbon's Dispensary,

616 KEARNEY STREET, NEAR COMMERCIAL, San Francisco. Established in 1854, for the treatment of Sexual and Seminal Diseases, such as Gonorrhea, Gleet, Stricture, Syphilis in all its forms, Seminal Weakness, Impotency, etc. Skin Diseases (of years standing) and Ulcerated Legs successfully treated.

Horrible Diseases.

How many thousands of persons, both male and female, are there who are suffering out a miserable existence from the effects of secret indulgences, or from virus absorbed into the system! Look at their pallid, emaciated and disfigured faces and their broken-down constitutions, disqualifying them for the happiness of marriage or the enjoyment of life. In this horrid situation thousands suffer until death closes the scene. Let parents, guardians, friends, attend to those who are suffering with any of these horrible life-destroying maladies, see that they are cared for and cured before it be too late. Send them immediately to Doctor Gibbon, a physician who has made private disease his sapi[illegible] study for years, and who is certain to cure the most inveterate cases without mercury or any injurious drugs. It is important to those who are afflicted, or to those who are interested in the welfare of their friends, to be careful of the many pretended doctors who infest all cities, publishing their skill in curing all [illegible] in a few days, imposing upon the public by using the names of eminent physicians from Europe and other places. Be therefore careful and make strict inquiry, or you may fall into the hands of those charlatans.

Seminal Weakness.

Seminal Emissions, the consequence of self-abuse. This solitary vice, or [illegible] sexual indulgence, is practiced by the youth of both sexes to an almost unlimited extent, producing, with unerring certainty, the following train of morbid symptoms, unless combatted by scientific medical measures, viz: Sallow countenance, dark spots under the eyes, pain in the head, ringing in the ears, noise like the rustling of leaves and rattling of chariots, uneasiness about the loins, weakness of the limbs, [illegible], blunted intellect, loss of confidence, diffidence in approaching strangers, a dislike to form new acquaintances, a disposition to shun society, loss of memory, hectic flushes, pimples and various eruptions about the face, furred tongue, fetid breath, coughs, consumption, night sweats, monomania and frequent insanity. If relief be not obtained, should apply immediately, either in person or by letter, and have a cure effected by his new and scientific mode of treating this disease, which never fails of effecting a quick and radical cure. Dr. G. will give One Hundred Dollars to any person who will prove satisfactorily to him that he was cured of this complaint by either of the San Francisco quacks.

MARRIED MEN,

Or those who contemplate marriage, who are suffering under any of these fearful maladies, should not forget the sacred responsibility resting upon them nor delay to obtain immediate relief.

TO THE LADIES.

The various complicated and distressing diseases incident to females, treated with eminent success. Such as Suppressions, Irregularities, Whites, Falling of the Womb, Tumors, all Urinary Diseases, Nervous Debility, Painful or Difficult Menstruation, Barrenness, etc., will be speedily cured, without poisonous drugs, injuries or unpalatable medicines of any kind. Have no delicacy in calling, no difference what your troubles may be. The afflicted are cordially invited to call and satisfy themselves.

Persons calling at Dr. Gibbon's office or sending for packages of medicines, may rely upon his assurance of confidential secrecy with implicit faith, and expect no more than to be charged with, a fair and mutually satisfactory remuneration for services rendered, considering the circumstances and difficulties of cases, rather than a too prevalent and selfish practice of extortion among quacks and pretenders.

DOCTOR GIBBON is responsible, and will give to each patient a written instrument, binding himself to effect a radical and permanent cure, or make no charge.

CURED AT HOME.

Persons at a distance may be CURED AT HOME, by addressing a letter to Dr. Gibbon, stating case, symptoms, length of time the disease has continued, and have medicines promptly forwarded, free from damage and curiosity, to any part of the country, with full and plain directions for use, for Ten Dollars, sent in registered letter or through Wells, Fargo & Co.

Address DR. J. F. GIBBON, 616 Kearney street, corner Commercial, San Francisco. Post Office Box 262.
Consultations FREE.

Correspondents will please inform DR. GIBBON that they read his advertisement in the *Daily Oregonian*.
